

### **Graduate Solicitor – Litigation Team**

Sharp Tudhope Lawyers is a well-established and commercially focused Tauranga law firm. Our practice extends widely beyond the Bay of Plenty and our professional standards, client focus and staff training compare favourably with the best firms anywhere.

We have a full-time role for a talented, ambitious Graduate for our busy litigation team. In return, we can offer you work that is diverse, interesting and challenging. An immediate start is desired, and we are happy to accept applications from those who have not completed their Professional Legal Studies Course.

As a Graduate at our firm, you will work with some of the brightest legal minds in Tauranga, advise some of the city's leading organisations and be involved in great cases. You'll have exposure to a wide range of work, including employment, construction and general civil disputes, negotiating and drafting agreements, attending mediation and providing general advice.

This is a great opportunity to kick start your career in a leading Tauranga law firm with varied and interesting work. You'll need to have excellent grades, a strong work ethic and most of all, a willingness to learn.

If this sounds like you, please **apply online through Seek** by clicking on the 'apply now' button and uploading your **cover letter and CV with academic transcript attached**. Cover letters may be addressed to Grant Davidson, HR Administrator. Only applications received online through Seek will be considered. Applications close 17 August 2021.
